Summary: South Park a place to unwind...or is it? It is the kids that sense the fear and danger of the town when a shape shifting monster begins stalking the sewers. Can IT be killed or has IT already shape shifted into a 12 inch penis?

1. Chapter 1: A short chapter

Chapter 1

The terror which would not end for another 28 years began as so far as I know when Bruce Willis was actually in good movies.

It was a gloomy day in South Park Colorado, rain poured everywhere as a dull but light green house stood in between a much darker green house on its left with a lighter green house on its right.

5 year old Ike Broflovski was entertaining himself watching his favourite Youtuber Pewdiepie, while his older brother 10 year old Kyle Broflovski had a bad case of the sniffles. Kyle's orange jacket was placed on a chair next to his bed, he wore some Terrance and Philip pyjamas with his green ushanka over his ginger hair.

Despite being sick Kyle was making a paper boat for his little brother. When he was done Kyle turned to Ike and said "Okay Ike its done."

Ike shut down his computer and made his way to his brother's bed his Canadian eyes shining with glee "Thank you Kyle."

Then Ike did something unexpected he kissed Kyle on the cheek. "Ah no Ike sick!" Shouted Kyle, "You've given me cooties now!" Kyle turned to his brother in anger, but then he smirked. "Hey Ike kick the baby" said Kyle. "Don't kick the godamn baby!" Shouted Ike. "Okay kick the baby!" Shouted Kyle before kicking Ike out the window.

Kyle went to return to his bed but stopped and went to the window. "Wait Ike!" Shouted Kyle. Ike turned around, Kyle paused a moment before saying "be careful".

Ike waved before running down the street with his boat.

Ike ran in the rain with his boat sailing along the street before falling in a storm drain, "OH SHIT AND SALONS!" Shouted Ike running to the storm drain. Ike got on his hands and knees and stared into the storm drain.

Suddenly orange eyes opened in the darkness startling Ike.

"Hi there Ike" said a calm voice. A clown walked out the darkness of the drain, he had a white face, blue eyes, red hair, a red nose, and wore a baggy clown outfit.

The clown held up his hand to reveal Ike,s boat in his clutches. "What a nice boat do you want it back?" Said the clown.

"Yes" said Ike nervously.

"You look like a nice boy would you like a balloon?" Said the clown.

"Yes" said Ike reaching for the balloon and his boat.

The clown went to bite Ike,s arm but Ike recoiled his arm with his boat and a balloon, the clown looked confused.

"Bye" said Ike leaving.

"Oh...shit" said the clown.

2. Chapter 2: Meet the dicks

Chapter 2

The school bell rung, signalling school was out bitches.

Kyle was feeling a lot better from his sickness as he walked with his friends Stan, Kenny, Butters, and his enemy Cartman.

"So great that its summer" said Stan putting his hands behind his head.

Well gee we usually don't get summer because it snows a lot" said Butters fiddling with his hands nervously.

"We've did have summer before Butters" muffled Kenny under his orange hood.

Cartman stood among the four "yea yea while you sad hippies will just laze around in your sad little bungalows, I will be running for mayor of south park" he said with a grin on his fat face.

Kyle rolled his eyes "like you will ever receive votes fatass".

"HEY!" Shouted Cartman "Don't call me fat buttfucker!"

"Hey don't call me buttfucker cocksucker!" Shouted Kyle back.

The two,s argument stopped when a bunch of sixth graders walked near them, " haha looky here we have our selfs a losers club" laughed the leader as they passed by.

The kids went there opposite ways saying goodbye to each other (expect Kyle and Cartman who flipped each other off).

Stan was walking along to his house, "hi stan" said a feminine voice.

Stan stopped and turned around, if he was a cartoon character his jaw would have hit the floor, his eyes would pop out of his sockets, and his heart would thump out his chest (yes I know Stan is a cartoon character but I mean if he was Loony Tunes and shit).

Standing right there was none other than the most beautiful girl in the whole of south park Wendy Testaburger.

"Oh um hi Wendy" said Stan nervously, of course he was nervous he was speaking to the girl he had a crush on.

"What's that under your arm" said Wendy pointing to the book placed under Stan's arm.

"Oh this um this is an autograph book were I can put names of celebrities I've met" said Stan.

"Well who's in it?" Asked Wendy.

Stan rub his hand behind his head, "Well that's the thing" he said, "there is no names".

Wendy touched the bridge of her nose then pointed her finger up, "I have an idea give me your book"

Stan gave Wendy his book as she started writing in it.

"Here you go bye Stan" said Wendy as she strolled off.

Stan opened his book with a gasp, Wendy had put down her name and phone number.

Stan grinned, "this is going to be a great summer" he thought
